

# PARENT SURVEY

GREENWOOD BAND PARENT  
ORGANIZATION

To keep band/guard fees low, all parents are kindly asked to volunteer their time by working AT LEAST TWO concession events per semester..

## Help us help you get involved!

The purpose of this survey is to help better understand the strengths of each parent. With this information, the officers and committee chairs within the band parent organization can do a better job of matching volunteer positions with the background of individual parents. We sincerely hope that you will help the organization by volunteering your time. By doing so, you will directly be helping your child with their participation in the Greenwood Band Program.
